---

# Installation

## *Installing the Integral Client Application*

Linux installation instructions can be found [here](#).

---

**Note:** Installing the Integral Client Application must be done by an Administrator.

---

### Windows

1. Extract the ZIP file that contains the installation files.
2. Double-click the `integralclient-setup` executable.
3. Press the **Next** button.
4. In the *Choose Installation Options* panel, select whether to make the client application available to anyone using the computer on which it is being installed:
  - **Anyone who uses this computer:** If Admin rights are required to make install changes to your computer, choosing this option will result in limited use of the application.
  - **Only for me:** If Admin rights are required to make install changes to your computer, choosing this option will result in full access to the application.
5. Press the **Next** button.
6. In the *Choose Install Location* panel, enter the full path to the folder in which the client app is to be installed (or press the **Browse** button and navigation to the location).
7. Press the **Install** button.
8. When the installation is complete, press the **Finish** button to close the installer and immediately open the client application.

Or

Uncheck the **Run Integral** box and press the **Finish** button to close the installer without starting the application.
9. With the Integral client application open, select **File > Preferences** from the menu.

10. In the *Change Url* pop-up, enter the Url for Certara Integral:  
`https://integral.certara.com/`  
and press **Submit**.
11. In the *Sign In* pop-up, enter your Integral username and password and click **Sign In**.  
You can now begin to synchronize your local data with Integral.

## Linux

The Integral Client Application is supported on the following Operating Systems:

- CentOS 8.2
  - openSUSE 15.2
  - SUSE Linux Enterprise 15.2
  - Ubuntu 20.04
1. Extract the ZIP file that contains the installation files.
  2. Double-click the `linuxintegralclient-setup` executable and follow the instructions.
  3. Open the Integral Client Application and select **File > Preferences** from the menu.

4. In the *Change Url* pop-up, enter the Url for Certara Integral:  
`https://integral.certara.com/`  
and press **Submit**.
  5. In the *Sign In* pop-up, enter your Integral username and password and click **Sign In**.
- You can now begin to synchronize your local data with Integral.
