Instructions for Installing SSO for E-Signature Extension in a Web Browser

<u>Note</u>: The latest version of the E-signature Extension is 1.1 on Chrome and Edge and 1.2 on Firefox. Existing clients on multi-tenant environment that already have the 1.0 version installed do not have to update to 1.1. Clients on a private environment will need to install the 1.1 version in order to apply SSO e-signature.

Chrome and Edge:

- Chrome: Navigate to <u>https://chrome.google.com/webstore/category/extensions</u>. Edge: Open Edge to the Chrome Web store and, using the same Chrome extension, follow these instructions.
- 2. In the Search bar, type "Certara Integral".
- 3. From the results, select "Certara Integral Signature Receiver.

4. Select "Add to Chrome".

5. Select the extension puzzle icon at the top right of the browser, then click the three-dot icon for Certara Integral Signature Receiver, and select the "Manage Extension" menu option.

- 6. Make sure the following items are turned on.a. For Chrome:

Certara Integral Signature Receiver	
On	
Description No description provided	
Version 1.0	
Size < 1 MB	
Permissions	
Site access	
This extension can read and change your data on sites. You can control which sites the extension can access.	Ċ
Automatically allow access on the following sites	
https://integral-staging.certara.com/*	
https://integral.certara.com/*	
Site settings	[
Allow in Incognito	
warning: Google Chrome cannot prevent extensions from recording your browsing history. To disable this extension in Incognito mode, unselect this option.	
View in Chrome Web Store	

b. For Edge:

C Certara Integral Signature Receiver
